Welcome to the installation and uninstallation manual for Etheryx World, an engaging video game combining epic quests and thrilling battles. Please follow the instructions below carefully to correctly install and uninstall the game.

Installation:

Downloading the Game:

- Visit our official website.
- Click on the download button and select the location where you want to save the installation file.

Extracting the Files:

- Once the download is complete, locate the installation file.
- Extract the files from the archive to a folder of your choice on your computer.

Launching the Installation:

- Navigate to the folder where you extracted the installation files.
- Double-click on the installation file or launch the application depending on the downloaded format.
- Follow the on-screen instructions to install the game in the desired directory on your system.

Game Configuration:

- After the installation is complete, launch Etheryx World from the shortcut on your desktop or from the start menu.
- Follow the on-screen instructions to configure the game settings according to your preferences (resolution, graphic quality, etc.).

Congratulations! You have now successfully installed Etheryx World on your system. Dive into a world of adventure and epic battles.

Uninstallation:

Opening the Control Panel:

- Access the control panel of your operating system.

Uninstalling the Game:

- Search for "Etheryx World" in the list of installed programs.
- Click on it to select it, then choose "Uninstall" or "Remove."
- Follow the on-screen instructions to completely uninstall the game from your computer.

System Restart:

- Restart your computer to finalize the uninstallation process.

Etheryx World has been successfully uninstalled from your system. We hope you enjoyed your gaming experience and that you will return soon to our fantastic world for new adventures!
